SECTION I - GENERAL INFORMATION

ENROLLING IN THE SCHOOL

Students are expected to enroll in the attendance district in which they live. Students who are new to Fruitport High School are required to enroll with their parents or legal guardian. When enrolling, the parents/guardian will need to bring:

- A birth certificate
- Custody papers from a court (if appropriate)
- Proof of residency
- Proof of immunizations
- Transcript of grades and credits

Students enrolling from another accredited school must have an official transcript from the sending school in order to receive credit from that school. Your guidance counselor will assist in obtaining the transcript, if not presented at the time of enrollment.

PROCEDURES AND METHODS FOR IDENTIFICATION AND ASSESSMENT OF LEP STUDENTS

1. All students who are potentially LEP must be systematically identified. This is accomplished at enrollment time throughout the district with the Home Language Survey, completed along with the student registration form. This assures 100% compliance. If the primary language of the student, the student's family or his/her environment is other than English, the student is considered PHLOTE (Primary Home Language Other than English). The child may or may not be eligible for services. However, we must track his/her status for as long as he/she is a Fruitport Community Schools' student.
2. All PHLOTE students must be assessed to determine eligibility for services. The district follows the State of Michigan guidelines for eligibility. The Curriculum Director:
 - a. Meets with the referring school personnel, parents and the student(s) to determine and appropriate plan for the LEP student;
 - b. Consults with Bilingual Program Directors at Muskegon Public Schools and/or Holland Public Schools to contract for any necessary assessments and arrange for interpreters / translators if needed
 - c. Identifies district owned/sponsored teaching/learning tools (computer-based, audio-tape based, internet-based, etc.) Or procures same.
3. All eligible students are provided with support services in order to enable them to participate effectively in the district's educational program. Support services vary in methods and models from continuous advocacy, to direct content

instruction and one on one tutoring using software programs (e.g., CCC Success Maker, and math, English, science and social studies software).

SCHEDULING AND ASSIGNMENT

Schedules are provided to each student at the beginning of the school year or upon enrolling. The schedule is based upon the student's needs and available class space. Any changes in a student's schedule should be handled through the Guidance Office. It is important to note that some courses may be denied because of available space or the need to take prerequisites. Students are expected to follow their schedules and attend/participate in all classes everyday. Students who do not maintain regular attendance/participation will be placed on an attendance contract and may ultimately be dropped from school for the semester if they do not attend all of their classes on a regular/consistent basis and exceed the attendance policy. Students may also be referred for truancy if they do not attend (exceed attendance policy)/participate regularly.

DROPPING AND ADDING COURSES

Courses may be dropped or added **only** to correct deficiencies, to correct obvious errors in placement or to assure sufficient credits for graduation.

Sign up to see your counselor to discuss changes. Your counselor will send for you. You may not wait in the counseling office area unless you have a pass.

ENGLISH LEARNERS

The school offers opportunities for English Learners to develop high levels of academic attainment in English and to meet the same academic content and student academic achievement standards that all children are expected to attain.

Parents/guardians of English Learners will be informed how they can: (1) be involved in the education of their children, and (2) be active participants in assisting their children to attain English proficiency, achieve at high levels within a well-rounded education, and meet the challenging State academic standards expected of all students.

For questions related to this program or to express input in the school's English Learners program, contact Allison Camp at (231)865-4100.

FOREIGN EXCHANGE STUDENTS

1. Eligibility: Foreign exchange students can enroll at Fruitport High School.
2. Host Family Requirement: The host family must reside in the school district.
3. Grade Placement: Students will be enrolled as either sophomores (up to age 16 at the time of enrollment) or seniors (age 17+ at the time of enrollment) based on their chronological age or other educational factors.
4. Commencement: Senior foreign exchange students have the option to participate in commencement, where they would receive a certificate of attendance.

5. Extracurricular Activities: Foreign exchange students are allowed to participate in school-sanctioned and sponsored extracurricular activities, including athletics. However, participation in such activities requires authorization from the school district and approval from the Michigan High School Athletic Association (MHSAA).

These guidelines provide foreign exchange students with the opportunity to not only study at Fruitport High School but also engage in various aspects of school life.

Board Policy 5306, 5303

TRANSFER OUT OF THE DISTRICT

If a student plans to transfer from Fruitport High School the parent must notify the guidance office. Transfer will be authorized only after the student/guardian has completed the arrangements, returned all school materials, paid any fees or fines that are due and an official records request is received. Parents are encouraged to contact the guidance office for specific details. Families that do not complete this process in a timely fashion may be subject to truancy.

WITHDRAWAL FROM SCHOOL

No student under the age of 18 will be allowed to withdraw/stop attending school without the written consent of his/her parents. Students who are 18 and exceed the attendance policy may be dropped.

HOMEBOUND INSTRUCTION PROGRAM

The Board of Education shall provide, pursuant to requirements of the State Board of Education, individual instruction to students of legal school age who are not able to attend classes because of a physical or emotional disability.

Applications for individual instruction shall be made by a physician licensed to practice in this State, parent, student, or other caregiver. A physician must:

- A. certify the nature and existence of a medical condition;
- B. state the probable duration of the confinement;
- C. request such instruction;
- D. present evidence of the student's ability to participate in an educational program

Applications must be approved by the Superintendent or their designee.

The District shall recommend that the instruction begin within three (3) days from the date of notification for non special-education students. In the case of students under an IEP, the instruction is to begin within fifteen (15) days after notification order to arrange for a meeting of and I.E.P.C., if necessary.

The program of homebound or hospitalized instruction given each student shall be in accordance with regulations of the State Board of Education with such exceptions as may be recommended by the physician. Teachers of homebound special education students shall hold a Michigan teaching certificate appropriate for the level of instruction for which the assignment is made or for the type of instruction called for by an I.E.P.C. Teachers of nondisabled students must hold a valid teaching certificate.

The District reserves the right to withhold homebound instruction when:

- A. the instructor's presence in the place of a student's confinement presents a hazard to the health of the teacher;
- B. a parent or other adult in authority is not at home with the student during the hours of instruction;
- C. the condition of the student is such as to preclude his/her benefit from such instruction.

GUIDANCE COUNSELING OFFICE

The guidance offices are located in the student locker commons area. Students are encouraged to get to know their counselor as soon as possible.

The counselors work with all students, not just those who have personal problems. They assist students in dealing with problems that are a normal part of growing up. They strive to help each person develop to her/his fullest potential.

Counseling is a student/counselor relationship in which a student has the freedom to express her/his ideas and feelings. The student is encouraged to seek information and examine alternate courses before acting. Counseling seeks to help students assume responsibility for making plans and decisions.

Education and occupational planning is part of the counselor's responsibilities. The counselor shows how interests and abilities work together. Through various activities, he provides information about careers and about the various opportunities for post-high school education.

Selection of school subjects, career planning, college selections and difficulty with subjects, scholarships, group counseling, and personal problems are some of the areas with which the counseling staff may be able to help you.

Students are assigned to a counselor as ninth graders and remain with that counselor until they graduate. It is felt, in this way, a student and counselor will get to know each other well. The student must contact the principal to request a formal change. No informal changes are allowed.

Students must arrange to see the counselor on an appointment basis. Appointments may be made with the Guidance Office secretary or online.

Except for emergencies, the student should report to class and wait for the appointment slip/notification from the counseling office.

Mandated Reporters

All school personnel, including teachers and administrators, are required by law to immediately report any and all suspected cases of child abuse or neglect to the Michigan Family Independence Agency.

Immunizations

All students must be properly immunized at the time of registration or not later than the first day of school pursuant to Michigan Department of Community Health regulations. A student enrolling in the District for the first time shall submit one of the following:

- A statement signed by a physician that the student has been tested for and immunized or protected against diseases specified by the director of the Department of Community Health.
- A statement signed by a parent/guardian to the effect that the student has not been immunized because of religious convictions or other objection to immunization.

Student Medication

Taking medication during school hours or during school-related activities is prohibited unless it is necessary for a student's health and well-being. When a student's licensed health care provider and parent/guardian believe that it is necessary for the student to take medication during school hours or school-related activities, the parent/guardian must request that the school dispense the medication to the child by completing a "Student Medical Authorization Form." These forms are available in Student Services.

No school or district employee is allowed to administer to any student, or supervise a student's self-administration of, any prescription or non-prescription medication until a completed and signed School Medication Authorization Form is submitted by the student's parent/guardian. This does not include the emergency administration of an epinephrine auto-injector (EpiPen®) by a trained school or district employee as provided under state law.

Self-Administration of Medication

A student may possess an epinephrine auto-injector (EpiPen®) and/or an asthma inhaler prescribed for use at the student's discretion, provided the student's

parent/guardian has completed and signed a School Medication Authorization Form. The school and district shall incur no liability, except for willful and wanton conduct, as a result of any injury arising from a student's self-administration of medication or epinephrine auto-injector or the storage of any medication by school personnel. A student's parent/guardian must agree to indemnify and hold harmless the school district and its employees and agents, against any claims, except a claim based on willful and wanton conduct, arising out of a student's self-administration of an epinephrine auto-injector and/or asthma inhaler, or the storage of any medication by school personnel.

Legal authority MCL 380.1178, 380.1178a, 380.1179, 380.1179a

Emergency Medical Authorization

The student's parent/guardian should complete the school district's emergency medical treatment authorization form to indicate their preference of hospital, doctor, and dentist for emergency treatment. Of course, in an emergency situation the child should be transported to the nearest medical facility able to render appropriate care, regardless of parental preference. Typically, this decision is made by an EMT (emergency medical technician) or other first responder.

Communicable Diseases

The school will observe recommendations of the Michigan Department of Community/Public Health regarding communicable diseases.

1. The student's parent/guardian is required to notify the school office if they suspect their child has a communicable disease.
2. In certain cases, students with a communicable disease may be excluded from school or sent home from school following notification of the parent/guardian.
3. A student excluded because of a communicable disease will be permitted to return to school only when the parent/guardian provides the school a letter from the student's doctor stating that the student is no longer contagious or at risk of spreading the communicable disease.

Head Lice

The school will observe the following protocols regarding head lice.

1. The student's parent/guardian is required to notify the school office if their child is suspected of having head lice.

2. A student with nits within $\frac{1}{4}$ inch of the scalp or live lice may remain at school until the end of the school day. The student will be restricted from activities that involve close head-to-head contact or sharing of personal items. The District will notify the student's parent/guardian and provide educational materials on head lice prevention and treatment.
3. The student will be readmitted to school after treatment so long as the parent/guardian consents to a head examination and the examining District officials did not find live lice on the student. If the District official finds nits within $\frac{1}{4}$ inch of the student's scalp, the student may return to class, but the District must inform the student's parent/guardian about the need to remove the nits.

Special Education

Fruitport High School provides a variety of Special Education programs for students identified as having a disability defined by the Individuals with **Disabilities Education Act** (IDEA).

A student can access Special Education services through the proper evaluation and placement procedure. Parent involvement in this procedure is required. More importantly, the school wants the parent to be an active participant. To inquire about the procedure or programs, a parent should contact the Guidance Office at (231) 865-3101.

Education of Students with Disabilities

It is the intent of the school district to ensure that students who are disabled within the definition of the Individuals with Disabilities Education Act ("IDEA") or Section 504 of the Rehabilitation Act of 1973 ("Section 504") are identified, evaluated, and provided with appropriate educational services.

The school district provides a free appropriate public education in the least restrictive environment and necessary related services to all students with disabilities enrolled in the school.

For the provision of special education programs and services under the IDEA, the term "student with a disability" means a person between ages 3 and 26 for whom it is determined that special education services are needed. A student who reaches age 26 after September 1 is a "student with a disability" and entitled to continue a special education program or service until the end of that school year.

For the purposes of complying with Section 504, a "student with a disability" is a person who:

- (1) Has a physical or mental impairment, which substantially limits one or more of such person's major life activities;
- (2) Has a record of such an impairment; or
- (3) Is regarded as having such an impairment.

A copy of the publication "Explanation of Procedural Safeguards Available to Parents of Students with Disabilities" may be obtained from the school district office.

Discipline of Students with Disabilities

The School District will comply with the Individuals with Disabilities Education Act (IDEA) and Section 504 of the Rehabilitation Act of 1973 when disciplining students with disabilities. Behavioral interventions will be used with students with disabilities to promote and strengthen desirable behaviors and reduce identified inappropriate behaviors.

Standardized Testing

Students and parents/guardians should be aware that students in grades 9-12 will take standardized tests throughout the year. Parents are encouraged to cooperate in preparing students for the standardized testing, because the quality of the education the school can provide is partially dependent upon the school's ability to continue to prove its success in the state's standardized tests. Parents can assist their students achieve their best performance by doing the following:

- Encourage students to work hard and study throughout the year;
- Ensure students get a good night's sleep the night before exams;
- Ensure students eat well the morning of the exam, particularly ensuring they eat sufficient protein;

Upon the written request of a student or the student's parent/guardian, a student shall be excused, without penalty or loss of academic credit, from attending a class in which sex education instruction is provided. Legal authority: MCL 380.1169, 380.1506, 380.1507, 380.1507a, 380.1507b]

Student Records

A school student record is any writing or other recorded information concerning a student and by which a student may be identified individually that is maintained by a school or at its direction or by a school employee, regardless of how or where the information is stored, except for certain records kept in a staff member's sole possession; records maintained by law enforcement officers working in the school; video and other electronic recordings that are created in part for law enforcement, security, or safety reasons or purposes; and electronic recordings made on school buses.

The Family Educational Rights and Privacy Act (FERPA) and the Michigan Revised School Code afford parents/guardians and students over 18 years of age ("eligible students") certain rights with respect to the student's school records. They are:

1. **The right to inspect and copy the student's education records within 30 school days of the day the District receives a request for access.**

The degree of access a student has to his or her records depends on the student's age. The parent/guardian of a student less than 18 years old has the right to copy and inspect their child's education records. Once the student turns 18, the right to copy and inspect education records is transferred to the student. A parent/guardian or student should submit to the building principal a written request that identifies the record(s) he or she wishes to inspect. The principal will make arrangements for access and notify the parent/guardian or student of the time and place where the records may be inspected. The District charges \$.35 per page for copying but no one will be denied their right to copies of their records for inability to pay this cost. The District will not charge for

copying records, which contain personally identifiable information about the student that is collected or created by the school district as part of the pupil's education records.

These rights are denied to any person against whom an order of protection has been entered concerning the student.

2. **The right to request the amendment of the student's education records that the parent/guardian or eligible student believes are inaccurate, irrelevant, or improper.**

A parent/guardian or eligible student may ask the District to amend a record that is believed to be inaccurate, irrelevant, or improper. Requests should be sent to the building principal and should clearly identify the record the parent/guardian or eligible student wants changed and the specific reason a change is being sought. If the District decides not to amend the record, the District will notify the parent/guardian or eligible student of the decision and advise him or her of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent/guardian or eligible student when notified of the right to a hearing.

3. **The right to permit disclosure of personally identifiable information contained in the student's education records, except to the extent that the FERPA or the Michigan Revised School Code authorizes disclosure without consent.**

Disclosure without consent is permitted to school officials with legitimate educational or administrative interests. A school official is a person employed by the District as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the School Board; a person or company with whom the District has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist); or any parent/guardian or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

Upon request, the District discloses education records without consent to officials of another school district in which a student has enrolled or intends to enroll, as well as to any person as specifically required by State or federal law. Before information is released to these individuals, the parents/guardians or eligible student will receive prior written notice of the nature and substance of the information, and an opportunity to inspect, copy, and challenge such records.

Academic grades and references to expulsions or out-of-school suspensions cannot be challenged at the time a student's records are being forwarded to another school to which the student is transferring.

Disclosure is also permitted without consent to: any person for research, statistical reporting or planning, provided that no student or parent/guardian can be identified; any person named in a court order, so long as the parents/guardians or eligible student is notified of the court order before the documents are produced; appropriate persons if the knowledge of such information is necessary to protect the health or safety of the student

or other persons; and juvenile authorities when necessary for the discharge of their official duties who request information before adjudication of the student.

4. The right to a copy of any school student record proposed to be destroyed or deleted.

Education records are maintained for at least 60 years after the student graduates or permanently withdraws. If the student transfers, education records are maintained until the next school district requests the records.

5. The right to prohibit the release of directory information.

Throughout the school year, the District may release directory information regarding students, limited to the District's defined list of information that is "directory information" as contained in the District's policies and procedures. Such directory information may include:

- Name
- Address
- Grade level
- Birth date and place
- Parent/guardian names, addresses, electronic mail addresses, and telephone numbers
- Photographs, videos, or digital images used for informational or news-related purposes (whether by a media outlet or by the school) of a student participating in school or school-sponsored activities, organizations, and athletics that have appeared in school publications, such as yearbooks, newspapers, or sporting or fine arts programs
- Academic awards, degrees, and honors
- Information in relation to school-sponsored activities, organizations, and athletics
- Major field of study
- Period of Attendance in school

Any parent/guardian or eligible student may prohibit the release of any or all of the above information by delivering a written objection to the building principal within 30 days of the date of this notice.

6. The right to request that military recruiters or institutions of higher learning not be granted access to your student's information without your prior written consent.¹

Fees, Charges, and Fines; Waiver of Student Fees

The school may establish fees and charges to cover the costs for certain extracurricular and non credit activities. Materials for clubs, independent study, or special projects, as well as transportation costs and admission/participation fees for District-sponsored trips and activities may be included. Fees will not be charged for any mandatory school activity or required curriculum activity. Extra-curricular activities for which fees are charged may not be used in determining credit or grades in any course. A fee shall not exceed the combined cost of the service(s) provided and/or materials used.

When school property, equipment, or supplies are damaged, lost, or taken by a student, whether in a regular course or extra-curricular offering, a fine may be assessed. The fine will be reasonable, seeking only to compensate the school for the expense or loss incurred.

The late return of borrowed books or materials from the school library will be subject to appropriate fines. Failure to pay the fines may result in loss of privileges.

A student whose parent/guardian is unable to afford these fees may request a fee waiver. A fee waiver does not exempt a student from charges for lost and damaged books, locks, materials, supplies, and/or equipment. Applications for fee waivers may be submitted by a parent/guardian of a student who has been assessed a fee. The building principal will notify the parent/guardian promptly as to whether the fee waiver

request has been granted or denied. Questions regarding the fee waiver application process should be addressed to the building principal.

Academics, Grading & Promotion

Grades

Fruitport High School has a standard grading procedure, as well as additional notations that may indicate work in progress or incomplete work. The purpose of a grade is to indicate the extent to which the student has acquired the necessary learning. In general,

students are assigned grades based upon test results, homework, projects and classroom participation. Each teacher may place a different emphasis on these areas in determining a grade and will inform the students at the beginning of the course work. If a student is not sure how his/her grade will be determined, she/he should ask the teacher.

The school uses the following grading system:

A = 4.00	C = 2.00
A- = 3.67	C- = 1.67
B+ = 3.33	D+ = 1.33
B = 3.00	D = 1.00
B- = 2.67	D- = .67
C+ = 2.33	F = 0

Advanced placement courses are given the following additional weight: .5

School report cards are issued to students on a semester basis. For questions regarding grades, please contact the classroom teacher.

Placement

A student's progress toward graduation and receiving a diploma is determined by completing required coursework and earning the necessary credits. A student is only promoted when the necessary requirements are met or the student has completed the goals and objectives of an Individualized Education Plan (I.E.P.). It is the student and parents responsibility to keep in contact with his/her counselor and teachers to ensure that all requirements are being met. Information about credit and course requirements are available in the Guidance office and a counselor will be pleased to answer any questions.

The decision to promote a student to the next grade level is based on successful completion of the curriculum, attendance/participation, and other testing. A student will not be promoted based upon age or any other social reason not related to academic performance.

Testing Out

Any high school student who wishes to receive credit in a course which s/he is not enrolled may do so by taking the final examination for the course and receiving a grade determined by the assessment used in lieu of a final examination. Credit for a course earned by a student through this process may be used to fulfill a course or course-sequence requirement but not used to determine the student's GPA. The student may not receive credit for a course in the same area but lower in the course sequence. Application for this is required by May 1st in the guidance office. High school credit shall be granted in any course to a student enrolled in high school but not enrolled in the course who exhibits a reasonable level of mastery of the course's subject matter as outlined below:

1. The student will be granted high school credit by attaining a grade of not less than C+ in the final examination in the course.
 - a. A final examination is a comprehensive examination, which addresses all components of the course curriculum.
 - b. A non-comprehensive examination that is offered during the time set aside for final examinations is not considered a "final examination" for purposes of obtaining credit through the testing process.
 - c. No final examination will be created solely for the purpose of providing a student with an opportunity to test out of the course.

2. If there is no final examination in the course, the student will be granted high school credit by exhibiting that mastery through the basic assessment used in the course, which may consist of a portfolio, performance, paper, project, or presentation.
 - a. The course teacher, department chairperson and/or building principal will determine the assessment criteria to determine if the student has exhibited a reasonable level of mastery of the course's subject matter.

b. A student is eligible to demonstrate mastery of the course's subject matter at the same time that students currently enrolled in the course are required to demonstrate their mastery of the course's subject matter.

3. Credit earned under this policy section shall be based on a "pass" grade and shall not be included in the computation of the student's grade point average for any purpose.

4. Credit earned under this policy section shall apply equally to all students and may be counted toward graduation.

5. Credit earned under this policy section shall be counted toward fulfillment of a requirement for a subject area course.

6. Credit earned under this policy shall be counted toward fulfillment of a requirement as to course sequence.

7. Once credit is earned under this policy section, a student may not receive credit thereafter for a course lower in course sequence concerning the same subject area.

The Superintendent shall grant a high school student credit in any foreign language not offered by the District providing s/he meets the competency criteria established.

Homebound/Hospitalized Instructional Services

A student who is absent or whose physician anticipates the student's absence from school for an extended period of time, or has ongoing intermittent absences because of a certified medical condition, may be eligible for instruction in the student's home, hospital, or licensed treatment facility. To be eligible for such services, the student's attending physician must certify that the student has a medical condition that requires the student to be confined to the home or hospitalized during regular school hours for more than five (5) consecutive school days. Students who are able to attend school part-time are expected to do so and do not qualify for homebound and hospitalized services.

For students educated under an IEP or 504 Plan, the amount or type of instructional services provided may vary.

For information on homebound or hospitalized instructional services, please contact your student's school counselor.

Athletics

The Athletic Code applies to all students who want to participate in athletics. **An Athletic Handbook is available for all athletes and on request through the Athletic Director/Secretary.**

Please note that the Drug-Testing of Athletes Guidelines are available in the Athletic Handbook.

Athletics includes competitive sports and cheerleading (sideline and competitive). This code applies in addition to other rules and regulations concerning student conduct and imposes additional requirements on student athletes and cheerleaders.

Participation in athletics is a privilege. Those who participate in athletics have a responsibility to favorably represent the school and community. Student athletes are expected to conduct themselves both in and out of school in a manner appropriate to their responsibilities as representatives of the school and district. If a student fails to comply with the terms of this code, the privilege to participate in athletics may be lost in accordance with the terms of this Athletic Code.

Fruitport High School provides a variety of athletic activities in which students may participate providing they meet any eligibility requirements that may apply. The following is a list of interscholastic sports currently being offered. For further information, contact the Athletic Director, at 865-3101.

Spectators

Spectators at athletic events are expected to maintain high standards of sportsmanship at all times. They should appreciate good play on the part of the opponents as well as by our own teams. They should respect the decisions of the officials during the game. Visiting teams are guests while at our school and should be shown every courtesy. Victories are worth nothing unless won with an attitude of good sportsmanship.

WHAT IS EXPECTED IN GENERAL

- Students in attendance at after-school events are expected to have fun by demonstrating positive enthusiasm without causing harm, danger or embarrassment to others or to the school.
- Students are to follow all rules that are in effect during the school day at after-school events.

- Students are to demonstrate respect toward fellow students, opponents, players, coaches and officials.
- Students are to police their own ranks and demand proper behavior from fellow students. One's individual behavior can affect the total group.
- Students are expected to demonstrate respect and pride for the school.

WHAT IS SPECIFICALLY EXPECTED

- During the National Anthem, students are to face the flag, not to talk, listen to the public address announcer for instructions to sing or not, and to remain still until the end of the anthem.
- Proper language is to be used. No swearing or language which is offensive to others will be tolerated. High school events are a family activity. Individual and group vulgarity is unacceptable, as is taunting, trash talk and other verbal forms of harassment and booing of players, coaches and officials.
- Obscene gestures are unacceptable.
- Dangerous and boisterous behavior--pushing, shoving or fighting and passing of students, is not acceptable.
- The throwing of objects, even toilet paper, at fellow spectators, band members, cheerleaders, officials, players or onto the playing surface, is unacceptable, and could result in an injury or the team being penalized by the game official.
- Respect is the key to good sportsmanship. Opponents should be respected. They are not enemies, but fellow teenagers who happen to attend other schools.
- Be modest and humble in victory or defeat. It is easy to be a good winner and difficult to show class when you lose.
- Acknowledge good plays by both teams.
- Be concerned with anyone who is injured. Give concerned applause when an injured athlete is aided from the field or court.
- Work together with cheerleaders for positive chants and avoid obscene, degrading or elitist cheers--when you participate in an elitist cheer, you give support to an elitist image.
- At halftime, watch any performance or presentation if possible, acknowledge the hard work, preparation and performance of those involved, and do not in any way, detract from the performance.
- After the game, do not tease or belittle the opponent in any way and be pleasant and gracious to everyone.

WHAT THE SCHOOL WANTS MOST

- A large student turnout at events.
- Exemplary sportsmanship from players and fans.
- To be proud of its teams and fans at contests.

CONSEQUENCES, IN EFFECT FOR ALL GAMES

- **All regular school rules are in effect.**
- Violation of rules may cause: Being evicted from the game/premises; receiving in-school suspension or suspension from school; a required parental conference before re-admittance to regular class; prohibition from attending

future events; possible cancellation of all spectators from attending a sport;
possible cancellation of sports.

Self transportation to school

Driving to school and parking on school property is a privilege which can be revoked at any time. Students who are provided the opportunity to ride school transportation are encouraged to do so. Students and their parents assume full responsibility for any transportation to and from school not officially provided by the school. Use of the parking lot is a privilege for our students. Parking stickers are required for all vehicles. Students desiring to do so should apply in student services, purchase a sticker, and display it properly. The price of stickers is \$20.00 per year. An additional \$10.00 fee may be charged to replace a lost permit. The permit is good for the duration of the student's registered high school year. If a student's permit is suspended, no fee will be refunded.

If you are granted the privilege of driving a vehicle to school, you must park it in assigned student parking areas. With this privilege goes a specific responsibility that must be followed. These responsibilities are outlined specifically in the form you must fill out and submit to earn permission to drive to school and park on school grounds.

PARKING

Visitor Parking

The school has 1 location available for school visitor parking. It is located in front of the building and is clearly marked.

Vehicles MAY NOT be parked or located in the bus lanes or fire lanes at ANY TIME. Bus lanes and fire lanes are clearly marked. Vehicles located in these locations may be ticketed and/or towed by the police.

Student Parking

Students may park their vehicles in designated student parking lots between the hours of 6:45 am and 10:00 pm. Vehicles must be parked between the painted lines, and must be driven under the speed limit of 5 miles per hour while in the lot. Vehicles should be driven safely and must yield to pedestrians. Vehicles parked outside painted lines or designated parking spots may be ticketed or towed at the discretion of the

school, at the vehicle owner's expense. Students caught driving recklessly in the parking lot may be subject to disciplinary action.

The lots designated "Staff" are for school staff, personnel, and others designated by administration. These lots MAY NOT be used by students, parents or visitors at any time during the school day. Student vehicles parked in these lots may be ticketed or towed at the discretion of administration.

The school is not responsible for student vehicles, any possessions left in them, or anything attached to the vehicles. STUDENTS PARK THEIR VEHICLES ON OR SCHOOL PROPERTY AT THEIR OWN RISK. Students should be aware their vehicles are not protected in any way while in the parking lot, and items of value should not be left in or near the vehicle while unattended.

Students have no reasonable expectation of privacy in vehicles parked on school grounds. School lots are regularly searched by contraband dogs and administration. Students should be aware that items and spaces on school grounds are subject to view by others. Based on the reasonable suspicion standard, vehicles parked on school grounds may be subject to search. Prohibited items discovered during the course of a search may result in discipline, including, but not limited to, expulsion from school, as well as referral to law enforcement.

Vehicles MAY NOT be parked or located in the bus lanes or fire lanes at ANY TIME. Bus lanes and fire lanes are clearly marked. Vehicles located in these locations may be ticketed and/or towed by the police.

Video cameras may be active in parking lots and may be used for the purposes of investigation into student misconduct. Discipline for misconduct includes all disciplinary measures in the student discipline code and/or withdrawal of parking privileges.

SECTION 2 Student Conduct

STUDENTS' RESPONSIBILITIES AND RIGHTS

The policies, rules and regulations published here are representative of the official position of Fruitport Community Schools and have been approved by the Superintendent and adopted by the Board of Education for the purpose of carrying out the educational process. The policies set forth are guidelines for proper student conduct while the rules and regulations dictate action, which may be taken in specific situations. Each policy, rule and regulation was adopted with a dual purpose of providing each student with a quality education and providing for the orderly operation of the school.

PHILOSOPHY - RE: STUDENTS' RIGHTS

The primary objective of student discipline and control is to produce a school environment in which complete attention may be directed to the teaching-learning activities. Discipline may be defined as the control of conduct by the individual or by external authority. It includes the entire program of adapting the individual student to life in society and involves two major emphases:

1. To guide the student, enhancing the immediate efforts of teachers and other students in the learning situation and, therefore, does not threaten the classroom and those students who avail themselves of such a learning environment.
2. To assist the student in becoming a responsible, productive and self-disciplined citizen within the school in preparation for assuming adult responsibilities.

The school system has a responsibility to assist students to assume more responsibility for their actions as they mature and gain experience. One purpose of the school is to help students develop self-control and self-discipline.

Since students are basically motivated to learn and to meet standards of acceptable behavior, the role of teachers and other school employees should be one of guiding students and understanding, establishing, and maintaining these acceptable behavioral standards. However, administrators, teachers, and school employees also have rights, privileges, duties and responsibilities. The school is required by law to maintain a suitable environment of learning and has the responsibility of maintaining and facilitating the educational program. To maintain the necessary environment, school administrators have both the inherent and statutory authority to maintain order and discipline in the schools by adopting reasonable rules and establishment, maintenance, management, and carrying on of the public school system. This responsibility necessarily encompasses rules and regulations relative to the conduct of students on school property, at school events, and in other situations where school authorities have general supervisory jurisdiction.

Student Wellbeing

Student safety is a responsibility of the staff. All staff members are familiar with emergency procedures such as fire, tornado and lockdown drills and accident reporting procedures. Should a student be aware of any dangerous situation or accident, s/he must notify any staff person immediately.

State law requires that all students must have emergency medical information kept up to date and filed in the school office. A student may be excluded from school until this requirement has been fulfilled. Students with specific health care needs should submit those needs, in writing and with proper documentation by a physician, to the school office. **All medications, prescribed and non-prescribed, are to be delivered to the high school office by a parent and taken only with adult supervision.** The Assistant

Principal is available to discuss the procedure for medications and treatments. No medications or medical treatments are to take place in school without his/her approval.

Student identifications will be provided for all students to be used for participation in the food service program, library-media program and to enhance security. **Lost or defaced cards must be replaced by the student at a cost of \$5.00.**

Equal Opportunity/Nondiscrimination Statement

Equal educational and extracurricular opportunities are available to all students without regard to race, color, nationality, sex, sexual orientation, gender identity, ancestry, age, religious beliefs, disability, status as homeless, or actual or potential marital or parental status, including pregnancy. No student shall, based on sex or sexual orientation, be denied equal access to programs, activities, services, or benefits or be limited in the exercise of any right, privilege, advantage, or denied equal access to educational and extracurricular programs and activities.

- Through the transmission of information from a computer that is accessed at a non school-related location, activity, function, or program or from the use of technology or an electronic device that is not owned, leased, or used by the school district or school if the bullying causes a substantial disruption to the educational process or orderly operation of a school.
-

Bullying includes cyber-bullying (bullying through the use of technology or any electronic communication) and means any severe or pervasive physical or verbal act or conduct, including communications made in writing or electronically, directed toward a student or students that has or can be reasonably predicted to have the effect of one or more of the following:

- Placing the student or students in reasonable fear of harm to the student's or students' person or property;
- Causing a substantially detrimental effect on the student's or students' physical or mental health;

Examples of prohibited conduct include name-calling, using derogatory slurs, stalking, sexual violence, causing psychological harm, threatening or causing physical harm, threatened or actual destruction of property, or wearing or possessing items depicting or implying hatred or prejudice of one of the characteristics stated above.

Students are encouraged to immediately report bullying. A report may be made orally or in writing to the district complaint manager or any staff member with whom the student is comfortable speaking. Anyone, including staff members and parents/guardians, who has information about actual or threatened bullying is encouraged to report it to the district complaint manager or any staff member. Anonymous reports are also accepted by phone call or in writing.

Complaint Managers:

The School District's Section 504 Policy is available at the high school office.

Not all students with severe allergies or chronic illnesses may be eligible for a Section 504 Plan. Our School District also may be able to appropriately meet a student's needs through other means.

Homeless Child's Right to Education

When a child loses permanent housing and becomes a homeless person as defined at law, or when a homeless child changes his or her temporary living arrangements, the parent or guardian of the homeless child has the option of either:

- Continuing the child's education in the school of origin for as long as the child remains homeless or, if the child becomes permanently housed, until the end of the academic year during which the housing is acquired; or

Suicide and Depression Awareness and Prevention

Youth suicide impacts the safety of the school environment. It also affects the school community, diminishing the ability of surviving students to learn and the school's ability to educate. Suicide and depression awareness and prevention are important goals of the school district.

The school district maintains student and parent resources on suicide and depression awareness and prevention. Much of this information, including a copy of the school district's policy, is posted on the school district website. Information can also be obtained from the school office.

Parents/guardians are encouraged to attend the meetings and participate in the discussions that occur. Parents/guardians should use the meetings as an opportunity to ask questions, make suggestions, and learn about all of the opportunities and programming available for Parents/guardians to be fully involved in the educational process.

The school and its teachers provide meetings, including parent/teacher conferences, at flexible times to accommodate a variety of parent schedules. Parents/guardians will be given notice of meeting availability at the beginning of each year, and at least two weeks before conferences or other regularly scheduled meetings, to provide sufficient opportunity to schedule and attend meetings with teachers. Additionally, teachers are available regularly to meet with parents/guardians to discuss the success of their child. Parents/guardians are encouraged to inquire about available meeting times, and to work with teachers. Parents/guardians will be involved in an organized and timely way when any programs are created, considered, or altered, and will be continually involved in the ongoing development of programming, curriculum, and policy.

The school provides parents/guardians with access to:

- (a) school performance profiles required by Federal law and their child's individual student assessment results, including an interpretation of such results;
- (b) a description and explanation of the curriculum in use at the school, the forms of assessment used to measure student progress, and the proficiency levels students are expected to meet;
- (c) opportunities for regular meetings to formulate suggestions, share experiences with other

- parents/guardians, and participate as appropriate in decisions relating to the education of their children if such parents/guardians so desire; and
- (d) timely responses to suggestions.

Everyone is responsible for the success of the students of the school. While the school provides the best education we can, it is critical to the success of students that parents assist us in meeting the goals of education set forth by the state, the federal government and ourselves.

In order to better assist in educating the students, we need the help of all parents/guardians. We ask that you help us educate children by monitoring attendance/participation, homework completion, and television watching; by volunteering in your child's classroom; and participating, as appropriate, in decisions relating to the education of children and positive use of extracurricular time.

The school endeavors to do its best to provide all information in the language best understood by parents and guardians. Questions about language alternatives should be directed to Allison Camp at (231)865-4100.

Concussions and Head Injuries

A student who exhibits signs, symptoms or behaviors consistent with a concussion (i.e. loss of consciousness, headache, dizziness, confusion, or balance problems), shall be immediately removed from physical participation and shall not return to the activity until he/she is evaluated by an appropriate licensed health professional who has the ability to recognize and treat concussions and receives written clearance to do so. Written medical clearance will then be maintained in the student's CA-60 file until he/she is 18 years of age.

State law requires all Michigan schools to provide educational materials on the signs/symptoms and consequences of concussions to each student participating in an athletic activity (extra-curricular sports and/or gym class) and their parents/guardians and to obtain a signed statement acknowledging receipt of the information to keep on record.

Attendance

Michigan law requires that whoever has custody or charge of any child between ages 6 and 18 (unless the child has already completed high school graduation requirements) shall assure that the child attends public school during the entire school year. Michigan law requires that the student's attendance/participation be continuous and consecutive for the school year fixed by the school district. Students, who do not maintain good attendance/participation may fail, lose certain privileges, and/or have their parents taken to court. Fruitport High School has an attendance policy to avoid these negative consequences.

Michigan law includes the following exceptions to the mandatory school attendance requirement:

(1) The child is attending a state approved nonpublic school, which teaches subjects comparable to those taught in the public schools to children of corresponding age and grade.

(2) The child is less than 9 years of age and does not reside within 2-1/2 miles by the nearest traveled road of a public school. If transportation is furnished for pupils in the school district of the child's residence, this subdivision does not apply.

(3) The child is age 12 or 13 and attends confirmation classes conducted for a period of 5 months or less.

(4) The child is regularly enrolled in a public school while attending religious instruction classes for not more than 2 class hours per week, off public school property during public school hours, upon written request of the parent/legal guardian.

(5) The child has graduated from high school or has fulfilled all requirements for high school graduation.

(6) The child is being educated at the child's home by his or her parent/legal guardian in an organized educational program in the subject areas of reading, spelling, mathematics, science, history, civics, literature, writing, and English grammar.

Attendance Philosophy

Fruitport Community Schools believes that regular school attendance/participation is essential and a major factor in the academic success of each student. Therefore, students enrolled at the high school are expected and required to attend/participate in school every day. The active participation and interaction by students in the classroom is an essential part of the instructional process and may only be experienced through regular school attendance/participation. Through the cooperative efforts of parents and the high school it is hoped each student will develop and maintain attendance/participation habits and attitudes, which will be essential to his/her present and future success.

Attendance Policy

Fruitport High School students will be allowed to accumulate **no more than nine (9) absences per class, per semester**. These absences will be a combination of excused and unexcused absences and tardies. Absences will be excused if the parent/guardian calls the school on the day of an illness or on the day the student returns to school, or if a note, signed by parent/guardian, is brought into the student services office, by the student, on the day s/he returns indicating the reason for the absence. **Students who exceed the attendance policy must pass the class (with a 60% or better) and score a 60% or better on the exam to earn credit.** Students who are 18 and do not regularly attend/participate in all of their classes will be placed on an attendance contract and may be dropped as a student if they violate that contract.

Procedure for Reporting Absences

Parents/Guardians must call the office (865-3101) on the day of the absence. **However, if this is not possible please know that you may use our voice mail system, 24 hours a day.** If no call is received, a call may be made to the home inquiring as to the absence. In instances where the parent/guardian does not contact the office and where the office is unable to contact the home, the student should present a note on the date of his/her return to school to the office. The note must contain the student's full name, dates of absence, reason for the absence and signature of parent/guardian. **Notification must take place by the end of the school day on the first day the student returns to school from absence.** This is the student's responsibility not the schools.

Vocational Attendance

All FHS students that attend the MCTC must follow the attendance policy of FHS in addition to their policy.

College Visitations

Students will be permitted **2 college visits per year** during their junior and senior years. **The visit during their senior year must be completed prior to May 1st.** Proper documentation from the college must be submitted to the Student Services Office within 24 hours of the student's return to school in order to be deemed as school related.

Limit on absences

Students are in danger of losing credit in a class whenever they accumulate **more than nine (9) absences** in a class during a semester. These nine (9) absences can be any combination of excused and unexcused absences or tardies equaling an unexcused absence. Please note that two (2) tardies are equal to one (1) unexcused absence. **Students who exceed the attendance policy must pass the class and score a 60% or better on the exam to earn credit.**

The following DO NOT count toward the nine (9) absences:

School related suspensions, field trips, athletic events, court subpoenas (must submit a copy), immediate family funeral, and medical absence. For medical absences, proper documentation must be received by the Student Services Office within 24 hours of the students return to school. Doctors' notes received **after** the 24-hour time period **WILL NOT** be accepted. **Extenuating circumstances will be considered on a case-by-case basis.**

Tardies

The school day will begin with a five (5) minute warning bell. It is the student's responsibility to secure the proper pass for late admittance to class. Tardies can be excused if a staff member legitimately detains you and a pass is secured in advance of reporting to your next class. **Tardies are defined as entering the classroom after the final bell within five (5) minutes of the start of class.** After five (5) minutes, the student will be given an unexcused absence. If a student is not in the classroom when the bell rings, s/he will be marked tardy. Two (2) tardies equal one (1) unexcused absence. A student who has 2 or more tardies in one day or 5 or more tardies in one week may receive a consequence.

Release Time for Religious Instruction/Observance

A student will be released from school, as an excused absence, to observe a religious holiday or for religious instruction. The student's parent/guardian must give written notice to the building principal at least 5 calendar days before the student's anticipated absence(s).

Students excused for religious reasons will be given an opportunity to make up any examination, study, or work requirement.

Cross Reference: MCL 380.1561(3)

Make-Up Work

If a student's absence is excused, he/she will be permitted to make up any missed work, including homework and tests. The student will be permitted the same number of days as he/she was absent to turn in the make-up work. The student is responsible for obtaining assignments from his/her teachers. Students who are unexcused from school will not be allowed to make up missed work.

Age of Majority

Although 18-year-old students are recognized as adults under the Age of Majority Act, school officials are nonetheless committed to the equal treatment in application of school policies and procedures to all students. With the exceptions noted below, school

district policies and procedures set forth apply to all students, regardless of their attainment of the age of majority. Students 18 years and older may:

(1) Have the same privilege as their parents/guardians as it relates to access or control of their student records;

(2) Represent themselves during disciplinary conferences and be the addressee for their grade reports

(3) Sign themselves in and out of school and may verify their own absences.
NOTE: All attendance/participation standards continue to apply;

(4) Provide reason(s) for their absences and tardies, but are held to the same attendance/participation requirements as other students, including the acceptable reason(s) for an excused absence.

Eligible students who wish to assert these rights should register their intent on the appropriate form in the high school office. Until such time as the eligible student registers this intent, school officials will not apply the above exceptions to school policies and procedures.

Truancy

Student attendance/participation is critical to the learning process. Truancy is therefore a serious issue and will be dealt with in a serious manner by the school and district.

A parent or other person in parental relation who fails to comply with the Michigan Compulsory School Law (§ 380.1561) is guilty of a misdemeanor, punishable by a fine of not less than \$5.00 nor more than \$50.00, or imprisonment for not less than 2 nor more than 90 days, or both.

Communicable Diseases

The school will observe recommendations of the Michigan Department of Health and Human Services regarding communicable diseases.

1. The student's parent/guardian is required to notify the school office if they suspect their child has a communicable disease. *Please see specific CODIC-19 guidelines/requirements on the district website under COVID resources.

2. In certain cases, students with a communicable disease may be excluded from school or sent home from school following notification of the parent/guardian. *Please see specific CODIC-19 guidelines/requirements on the district website under COVID resources.

3. A student excluded because of a communicable disease will be permitted to return to school only when the parent/guardian provides the school a letter from the student's doctor stating that the student is no longer contagious or at risk of spreading communicable disease. *Please see specific CODIC-19 guidelines/requirements on the district website under COVID resources.

INJURY, ILLNESS, EARLY DISMISSAL PROCEDURES

All injuries must be reported to a teacher or the office. If minor, the student will be treated and may return to class. If medical attention is required, the office will follow the school's emergency procedures.

A student who becomes ill during the school day must request permission from the teacher to go to the office. The office will determine whether or not the student should remain in school or go home. No student will be released from school without proper parental permission. **Any deviation from this procedure will be considered an unexcused absence.**

Any student who has personal business that needs to be completed during the school day **must** check out in the Student Services Office **prior to leaving** school and check back in upon returning, even if they are leaving during lunch. Any deviation from this procedure will be considered an unexcused absence/no check out .

GRADING PROCEDURES

Given that regular school attendance is essential and a major factor in the academic success of each and every student, it should be emphasized that credit in class is earned daily by the student's performance on tests, quizzes, class assignments and not the least of which is class participation. The classroom teacher's grading procedures will determine what constitutes daily class participation. **It is the student's responsibility to know the teacher's classroom policies on daily class work, homework, make-up assignments and overall grading.** (This information will be

provided to each student at the beginning of the semester through a course syllabus distributed by each of his/her teachers.)

In the event that a student is absent from class without excuse, other grade penalties will be in effect:

1. A student who is unexcused will receive a grade of zero for that class period. This includes any assignments due during this class period.
2. Upon the 9.5 absence, a student may not earn credit that class during that semester unless he or she passes the class and earns a 70% or better on the final exam.

Pre-excused Absences

Pre-excused absence forms are available in the main office. This form must be completed and submitted to the office prior to the date(s) of the absence. It is our hope that parents avoid taking their children out of class for a long family vacation, as this can be detrimental to the student's academic progress. We would prefer that the family make all attempts to schedule their vacation time to coincide with the school's calendar.

Pre-excused days will be counted into the nine (9) absences.

Family vacations DO NOT qualify as an extenuating circumstance.

Suspensions

Suspension days do not count toward the student's total absences and students will be allowed to make up missed assignments. It is the expectation that this work be completed when they return to school.

Early Dismissals

Students, who must leave school during the regular school day, **must** check out in the office before leaving, including when leaving during the lunch period. **A note from a parent/guardian or a phone conversation between parent/guardian and school official/secretary is mandatory before the student leaves the building.** This is the only process, which will excuse the absence.

Field Trips

Field trips are academic activities that are held off school grounds. There are also other trips that are part of the school's co-curricular and extracurricular program. No student may participate in any school- sponsored trip without parental consent. Students who attend a field trip will be verified through their attendance, and this absence will not count toward the nine total absences allowed per semester.

LUNCH

Closed Campus Lunch Rules

Students may not leave campus during lunch, except with permission granted by administration or authorized staff. During lunch, students must proceed directly to the cafeteria or designated lunch area, and, after getting their lunch, shall immediately sit in

a designated area. Students shall remain in the cafeteria area until the lunch tone rings, at which point they shall clean the area in which they are seated, dispose of any trash in the appropriate receptacle, and exit the cafeteria to their assigned location. Students shall follow all cafeteria rules during lunch.

Cafeteria Rules

- Students shall not save seats for other students.
- Students shall walk to lunch and shall be orderly and quiet during lunch.
- Loud talking, yelling, screaming, and other disruptions are prohibited.
- Students shall not throw food, drinks.
- Vending machines are provided for student convenience. Students shall not misuse, abuse, attempt to dismantle or cheat the machine, and must wait in line to use the machines.
- Students shall not save places in line, cut in line, or otherwise cheat or intimidate their way into line for food service.
- Students shall not leave the cafeteria area until after the appropriate bell rings, or otherwise directed by staff.
- Students shall follow the instructions of the cafeteria aides and other staff and show proper respect toward all cafeteria personnel.
- Students shall report spills and broken containers to cafeteria staff immediately.

Misbehavior will result in disciplinary action according to the school's disciplinary procedures.

Students are **NOT** allowed to leave the building during lunch and must remain in the lunch area unless specifically given permission from administration. If a parent chooses to take his or her student out of school during lunch, he or she must come in to Student Services and sign out the student **BEFORE** the lunch period begins. Students caught leaving or reentering the building during lunch may be assigned a consequence ranging from detention to suspension.

COMMUNICATION BETWEEN HOME AND SCHOOL

In order to effectively and accurately keep track of all of our students at Fruitport High School seven hours a day, it is vital that communication between school and the student's home remains timely and informative. Parents/Guardians who remember to call the school when their teenager is home will save time and help make their student's re-admittance to class the next day that much smoother. Becoming familiar with school district policies and procedures by attending parent/guardian meetings and reading the materials sent home would also help promote good communication.

As a student or parent/guardian of a student at Fruitport High School, you can also expect the following communication procedures:

1. Teachers are required to provide each student with a written syllabus for the course they teach. This syllabus will contain all pertinent information that a student will need regarding grading policies, class work, classroom procedures, and expectations for the course.
2. Parents/Guardians are encouraged to call the main office during regular school hours to check on their student's attendance/participation. Parents and students can also utilize the parent portal/viewer to view current grades and attendance/participation. Parent portal login information is available in student services.

STUDENT CODE OF CONDUCT

To promote consistency and to make known the school's expectation, the following guidelines are given. They are not all inclusive, and will not give a clear cut answer to every question. These guidelines do describe the atmosphere we believe is most conducive to maintaining an optimal environment for "excellence in education".

Respect for people - A primary goal of education is to prepare students for a healthy, functional life in society. This goal can best be accomplished in a teaching learning environment built upon mutual respect. The following guidelines are relevant:

1. All teachers, staff members, and students are to be treated respectfully.
2. Language both in nature and tone must be appropriate for school. Profanity and vulgar slang expressions will not be tolerated and may result in a consequence.
3. **Displays of affection should be appropriate for a public place.**
4. Upon request from any staff member a student will identify himself/herself.
5. Fighting, roughhousing, harassment, etc. have no place in school.

Respect for Property Destruction or theft of any property will not be tolerated. The following guidelines are relevant:

1. School property such as textbooks, chromebooks, lockers, desks, etc., should be used not abused. Once such property is assigned for the student's use, it is his/her responsibility to keep it in good repair. Failure to do so will result in appropriate fines for replacement or repair of that particular item.
2. Private property of students must be respected. Stealing by any name is still stealing. Those involved in the theft of any item may be referred to the police and will be disciplined at school.
3. Private property of our neighbors should be treated with care. Loitering on or littering of lawns near school or the church is unfair and a negative reflection on all members of the school community.

General Behavior:

1. Loitering in the building, cars or in the parking lot is prohibited, including before/after school and lunch (cars/parking lot).
2. There is a good reason to believe that people act according to the way they dress. While fashion changes, the reason for being in school does not. Students

are in school to learn. We encourage students to dress in a fashion (dress, accessory, and hairstyle) which reflects a serious approach in school, neat, clean, and modest. Anyone dressed in a way that disturbs the educational process and/or the normal routine operation of the school or in a manner that creates a health or safety hazard will not be admitted to class and will be required to change their attire before being admitted back to class/school. Students who refuse to comply and choose to go home will be given an unexcused absence for those class periods missed and may be subject to additional disciplinary action.

3. Any organized disruption of ongoing activities such as "skip days" will be dealt with depending on the seriousness of the disruption. Penalties range from detention to expulsion.
 4. Any student found to be truant from a school assembly may face disciplinary action ranging from detention to suspension.
 5. Any student consciously involved in any act of cheating or plagiarism on an assignment, exam, test, or quiz will receive a grade of "0" or "F" for that grade. A second violation in that class during the same semester will result in a grade of "F" for that semester.
- a. Plagiarism includes any one or more of the following:
1. Using specific ideas or concepts without citing the source.
 2. Using the wrong bibliographical information to cite information.
 3. Using more than three words directly from a source and not placing them in quotations and citing the source.
 4. Using words of the original source, but changing the order of the words is still plagiarism even if you cite the source because the information is not in your own words.
 5. Copying and pasting from the internet, google docs, or any other electronic source.
- b. To avoid plagiarism, you must give credit whenever you use:
1. Any other person's idea, opinion or theory.
 2. Any facts, statistics, graphs, drawings – any pieces of information that are not originally your own or common knowledge.
 3. Quotations of another person's actual spoken or written words.
 4. A paraphrase or summary of another person's spoken or written words.

School Dress Code/Student Appearance

Students are expected to wear clothing in a neat, clean, and well-fitting manner while on school property and/or in attendance at school sponsored activities. Students are to use discretion in their dress and are not permitted to wear apparel that causes a substantial disruption in the school environment.

1. Student dress (including COVID-19 masks) may not advertise, promote, or depict alcoholic beverages, marijuana or other illegal drugs, drug paraphernalia, violent behavior, gangs, other inappropriate phrases or images with a “double meaning”.
2. Student dress (including COVID-19 masks) may not display lewd, vulgar, obscene, or offensive language or symbols, including gang symbols.
3. Winter coats, long or heavy coats, blankets, flags, capes and any other item/accessory that may conceal a person's body, aside from normal dress may not be worn in the building and must be placed in your locker. Sunglasses should not be worn in the building during the school day and should be kept in a student's locker.
4. Dress and accessories that pose a safety hazard are not permitted in the shop, laboratories, or during physical education.
5. The length of shorts, skirts and shirts/tops must be appropriate for the school environment. If they are too revealing the student will be required to change clothing. Shirts/tops may not be sexually provocative.
6. Low riding pants are unacceptable and not permitted.
7. Appropriate footwear must be worn at all times.
8. No clothing or clothing accessories that are sexually provocative or gang related.
9. Hats and other headwear may be worn in the building but teachers reserve the right to have you remove the item while in their classroom. No hoods or headwear that covers the ears are allowed as these present certain safety concerns.
10. If there is any doubt about dress and appearance, the building principal will make the final decision.
11. Students whose dress causes a substantial disruption of the orderly process of school functions or endangers the health or safety of the student, other students, staff or others may be subject to discipline.
12. No writing on faces, arms, etc. without the permission of administration. Face paint may only be worn on specific days during spirit week or other days specifically identified by high school administration.

Student Conduct

Students may be disciplined for misconduct, including but not limited to the following:

1. Using, possessing, distributing, purchasing, or selling tobacco materials, including electronic cigarettes or e-cigarettes.
2. Using, possessing, distributing, purchasing, or selling alcoholic beverages. Students who are under the influence of an alcoholic beverage are not permitted to attend school or school functions and are treated as though they had alcohol in their possession.
3. Using, possessing, distributing, purchasing, or selling: any illegal drug, controlled substance, or cannabis (including marijuana and hashish). Michigan law prohibits the possession or medical use of marijuana on school grounds or buses. Any anabolic steroid or performance-enhancing

substance not administered under a physician's care and supervision. Any prescription drug when not prescribed for the student by a licensed health care provider or when not used in the manner prescribed. Any inhalant, regardless of whether it contains an illegal drug or controlled substance: (a) that a student believes is, or represents to be capable of, causing intoxication, hallucination, excitement, or dulling of the brain or nervous system; or (b) about which the student engaged in behavior that would lead a reasonable person to believe that the student intended the inhalant to cause intoxication, hallucination, excitement, or dulling of the brain or nervous system. "Look-alike" or counterfeit drugs, including a substance not containing an illegal drug or controlled substance, but one: (a) that a student believes to be, or represents to be, an illegal drug or controlled substance; or (b) about which a student engaged in behavior that would lead a reasonable person to believe that the student expressly or implied represented to be an illegal drug or controlled substance.

4. Drug paraphernalia, including devices that are or can be used to: (a) ingest, inhale, or inject cannabis or controlled substances into the body; and (b) grow, process, store, or conceal cannabis or controlled substances.
5. Students who are under the influence of any prohibited substance are not permitted to attend school or school functions and are treated as though they have the prohibited substance, as applicable, in their possession.

Any student who violates the rules listed above are subject to discipline up to and including expulsion. The following shall serve as guidelines when determining student discipline for the above mentioned rule violations.

Case I - Where school officials have proof that a student has unlawfully distributed or sold any drug, marijuana or other controlled substance, regardless of quantity or has distributed any alcoholic beverage, the Administration will recommend expulsion of the student.

Case II - Where school officials have found a student in possession of any drug, marijuana or other controlled substance or alcohol beverage in a quantity suggesting more than personal use, the Administration will recommend expulsion of the student.

Case III - Where a student is in plain possession of any drug or marijuana, seeds, scraps, paraphernalia, pill, capsule, or other controlled substance or alcoholic beverages, where quantity suggests personal use, the Administration will suspend for a period of ten (10) days and place a student on probation. A second offense anytime during their high school career will result in a recommendation to the Board of Education for expulsion.

Case IV - Where school officials have reasonable cause to believe that a student has used a controlled substance, narcotic, marijuana or alcohol, 1) The Administration will inform the parents. 2) The Administration will suspend for a period of ten (10) days and place a student on probation. A second offense will result in a recommendation to the Board for expulsion.

Use of Breath-Test Instruments - The Principal may arrange for a breath test for blood-alcohol to be conducted on a student whenever she/he has individualized reasonable suspicion to believe that a student has consumed an alcoholic beverage. The use of breath-test instruments may also be used randomly during the school day or at any other school sponsored event.

6. Using, possessing, controlling, or transferring a dangerous weapon (firearm, dagger, dirk, stiletto, knife with a blade over 3 inches in length, pocket knife opened by a mechanical device, iron bar, or brass knuckles) or any object which may be used to cause or threaten harm to others, including a "look alike" weapon.
7. Use of Tobacco - **Fruitport Community Schools maintain a smoke free/tobacco free/nicotine free/vape free environment at all times.**
Smoking, including e cigarettes/"mods" and other tobacco uses such as the use of chewing tobacco, are a danger to a student's health and to the health of others. The School prohibits the sale, distribution, use, or possession of any form of tobacco including e cigarettes during school time or at any school activity. This prohibition also applies when going to and from school and at school bus stops. Violations of this rule could result in suspension or expulsion and will result in a referral to law enforcement. Possession of chewing tobacco or cigarettes including e cigarettes may result in suspension depending upon the circumstances involved. At the very least, any chewing tobacco or cigarettes including e cigarettes **will be confiscated and parents contacted.**

Students caught smoking including e-cigarettes/"mods" or using tobacco products on the school premises, at school related activities, within 1000 feet of the property boundaries of the school, or on buses or bus stops will be disciplined up to including suspension. When possible other alternatives will be utilized.

The use of tobacco products including e cigarettes by individuals under the age of 18 is illegal. Students caught using or possessing these items will be referred to the Fruitport Police Department.

8. **Fighting** - Students will not fight or attempt to cause bodily harm to another student through physical contact. If a student is attempting to involve another student in a fight, the other student should walk away and report it to a teacher, administrator or other appropriate adult. If a student is a victim of a sudden, unprovoked attack or fight, he/she may defend himself/herself long enough to disengage from fighting to report it to an appropriate school official.

When it is possible to make a distinction between the fighters as to who may be more responsible for the fight, the penalty may be adjusted accordingly. When such a distinction does not exist, both fighters will be disciplined. In addition, anyone found guilty of inciting a fight or interfering

with the orderly procedures of the school will face discipline. It must also be noted that students who observe a fight are to notify an adult immediately. Those who choose to actively watch or encourage students to fight will be held responsible and disciplined accordingly.

9. Using a cellular telephone, smartphone, video recording device, personal digital assistant (PDA), or similar electronic device in any manner that disrupts the educational environment or violates the rights of others, including using the device to take photographs in locker rooms or bathrooms, cheat, or otherwise violate student conduct rules. Prohibited conduct specifically includes, without limitation, creating and sending, sharing, viewing, receiving or possessing an indecent visual depiction of oneself or another person through the use of a computer, electronic communication device or cellular telephone, commonly known as "sexting." Unless otherwise banned under this policy or by the building principal, all cellular phones, smartphones and other electronic devices must be kept powered-off and out-of-sight during the regular school day unless: (a) the supervising teacher grants permission; (b) use of the device is provided in a student's individualized education program (IEP); (c) it is used during the student's lunch period; or (d) it is needed in an emergency that threatens the safety of students, staff, or other individuals.
10. **Possession of cell phones, electronic equipment, and nuisance items** – Students are allowed to use cell phones, earbuds/headphones and other electronic devices before school, during lunches, and after school. Students are not allowed to wear earbuds/headphones during passing time and may only be used during instructional time with teacher permission. Students are not allowed to bring radios, "boom boxes", CD players, portable TV's, or any similar items. All items are subject to confiscation.

Violations of this rule could result in disciplinary action.

Violations will be handled as follows:

- a. **First Offense** – Students will report directly to the office to turn in their electronic device. The device will be returned at the end of the day by Mr. Rogers. Students will be assigned detention. Any student who refuses to turn over their phone will be considered insubordinate and be subject to additional discipline.
- b. **Second Offense**- Students will report directly to the office to turn in their electronic device. Any student who refuses to turn over their device will be considered insubordinate and be subject to additional discipline as outlined in the student handbook. The Administration will hold the device until the end of the day. Parents will be contacted and students will be assigned to after school detention. A parent will be required to come in and pick up the device at the end of the day.
- c. **Repeated Offenses**- Students will report directly to the office to turn in their device. The Administration will hold a parent/student meeting to work to resolve the issue.

11. Using or possessing a laser pointer unless under a staff member's direct supervision and in the context of instruction.
12. Disobeying rules of student conduct or directives from staff members or school officials.
13. Engaging in academic dishonesty, including cheating, intentionally plagiarizing, wrongfully giving or receiving help during an academic examination, altering report cards and wrongfully obtaining test copies or scores.
14. Bullying, harassment, hazing or any kind of aggressive behavior that does physical or psychological harm to a staff person or another student or encouraging other students to engage in such behavior. 24. Making an explicit threat on an Internet website against a school employee, a student, or any school-related personnel if the Internet website through which the threat was made is a site that was accessible within the school at the time the threat was made or was available to third parties who worked or studied within the school grounds at the time the threat was made, and the threat could be reasonably interpreted as threatening to the safety and security of the threatened individual because of his or her duties or employment status or status as a student inside the school.
25. Operating an unarmed aircraft system (AUS) or drone for any purpose on school grounds or at any school event unless granted permission by the building principal.

For purposes of these rules, the term “possession” includes having control, custody, or care, currently or in the past, of an object or substance, including situations in which the item is: (a) on the student’s person; (b) contained in another item belonging to, or under the control of, the student, such as in the student’s clothing, backpack, or automobile; (c) in a school’s student locker, desk, or other school property; (d) at any location on school property or at a school-sponsored event; or (e) in the case of drugs and alcohol, substances ingested by the person.

Student Discipline

The Board of Education is continually concerned about the safety and welfare of District students and staff, and therefore, will not tolerate behavior that creates an unsafe environment, a threat to safety or undue disruption of the educational environment. School rules apply going to and from school, at school, during lunch, on school property, at school sponsored events, while working online at home and on school transportation.

Disciplinary Measures

The following list of disciplinary measures is a range of options that will not always be applicable in every case.

Potential disciplinary measures include, without limitation, any of the following measures:

1. Notifying parents/guardians.
2. Disciplinary conference.
3. Withholding of privileges.
4. Temporary removal from the classroom.
5. Return of property or restitution for lost, stolen or damaged property.
6. In-school suspension.
7. After-school study or Saturday study, provided the student's parent/guardian has been notified. (If transportation arrangements cannot be made in advance, an alternative disciplinary measure will be assigned to the student.)
8. Community service.
9. Seizure of contraband; confiscation and temporary retention of the personal property that was used to violate school rules.
10. Suspension of bus riding privileges.
11. Suspension from school and all school activities for up to 10 days. A suspended student is prohibited from being on school grounds.
12. Expulsion from school and all school activities for a definite time period. An expelled student is prohibited from being on school grounds.
13. Transfer to an alternative program if the student is expelled or otherwise qualifies for transfer under State law.
14. Notifying juvenile authorities or other law enforcement whenever the conduct involves criminal activity, such as, illegal drugs (controlled substances), "look-alikes," alcohol or weapons or in other circumstances as authorized by the reciprocal reporting agreement between the District and local law enforcement agencies.

Corporal Punishment

Corporal punishment is illegal and will not be used. Corporal punishment is defined as the deliberate infliction of physical pain by hitting, paddling, spanking, slapping, or any other physical force used as a means of discipline. Corporal punishment does not include physical pain caused by reasonable physical activities associated with athletic training. A school employee, contractor, or employee may use reasonable physical force as necessary to maintain order and control in a school or school-related setting for the

purpose of providing an environment conducive to safety and learning and for the reasons otherwise specified by law.

Weapons, Arson, Criminal Sexual Conduct

In compliance with State and Federal law, the Board (*Superintendent*) shall expel any student who possesses a dangerous weapon in a weapon-free school zone in violation of State law or commits either arson or criminal sexual conduct in a District building or on District property, including school buses and other school transportation.

For purposes of this policy, a dangerous weapon is defined as "a firearm, dagger, dirk, stiletto, knife with a blade over three (3) inches in length, pocket knife opened by a mechanical device, iron bar, or brass knuckles" or other devices designed to or likely to inflict bodily harm, including, but not limited to, air guns and explosive devices. The term "firearm" is defined as: a) any weapon (including a starter gun) which will or is designed to or may readily be converted to expel a projectile by the action of the explosive; b) the frame or receiver of any such weapon; c) any firearm muffler or firearm silencer; or d) any destructive device. Such a term does not include an antique firearm.

The Board (*Superintendent*) need not expel for possession of a dangerous weapon if the student can establish in a clear and convincing manner to the satisfaction of the Board (*Superintendent*) that:

The object or instrument was not possessed for use as a weapon, or for direct or indirect delivery to another person for use as a weapon;
the weapon was not knowingly possessed; the student did not know or have reason to know that the object or instrument possessed constituted a dangerous weapon; or the weapon was possessed at the suggestion, request, or direction of, or with the express permission of a District administrator or the police.

There is a rebuttable presumption that expulsion for possessing the weapon is not justified if the Board (*Superintendent*) determines in writing that the student has established that he or she fits under one of the exceptions above by clear and convincing evidence, and that the student has no previous history of suspension or expulsion.

The above exceptions will not apply to student misconduct involving sexual conduct or arson.

Physical and Verbal Assault

The Board shall permanently expel a student in grade six or above if that student commits physical assault at school against a District employee, volunteer, or contractor.

The Board shall suspend or expel a student in grade six or above for up to 180 school days if the student commits physical assault at school against another student.

Physical assault is defined as "intentionally causing or attempting to cause physical harm to another through force or violence."

The Board shall suspend or expel a student in grade six or above and may discipline, suspend or expel a student in grade five and below for a period of time as determined at the Board's discretion if the student commits verbal assault at school against a District employee, volunteer, or contractor or makes a bomb threat or similar threat directed at school building, property, or at a school-related activity.

Verbal assault is a communicated intent to inflict physical or other harm on another person, with a present intent and ability to act on the threat.

"At school" means in a classroom, elsewhere on school premises, on a school bus or other school-related vehicle, while a student is working online or at a school-sponsored activity or event whether or not it is held on school premises.

Factors To Be Considered Before Suspending or Expelling a Student

Prior to suspending or expelling a student for any of the above statutorily mandated reasons, except as noted below, the Board (*Superintendent*) shall consider the following factors:

- the student's age
- the student's disciplinary history
- whether the student has a disability
- the seriousness of the violation or behavior
- whether the violation or behavior committed by the student threatened the safety of any student or staff member
- whether restorative practices will be used to address the violation or behavior
- whether a lesser intervention would properly address the violation or behavior

The Board (*Superintendent*) will exercise discretion over whether or not to suspend or expel a student for the statutorily mandated reasons. In exercising that discretion for a suspension of more than ten (10) days or expulsion, there is a rebuttable presumption that a suspension or expulsion is not justified unless the Board (*Superintendent*) can demonstrate that it considered each of the factors listed above. For a suspension of ten (10) days or fewer, there is no rebuttable presumption, but the Board (*Superintendent*) will still consider the factors.

A student may not be expelled or excluded from the regular school program based on pregnancy status.

Exception: If a student possesses a firearm in a weapon free school zone, the student will be permanently expelled without considering the above factors, unless the student can establish mitigating factors by clear and convincing evidence.

In recognition of the negative impact on a student's education, the Board encourages the District's administrators to view suspensions, particularly those over ten (10) days, and permanent expulsions as discipline of last resort, except where these disciplines

are required by law. Alternatives to avoid or to improve undesirable behaviors should be explored when possible prior to implementing or requesting a suspension or expulsion.

Restorative Practices

If the District determines that it will utilize restorative practices in addition to or as an alternative to suspension or expulsion of a student, it will engage in restorative practices which emphasize repairing the harm to the victim and school community caused by the student's misconduct.

- are initiated by the victim;
- are approved by the victim's parent or legal guardian or, if the victim is at least fifteen (15), by the victim;
- are attended voluntarily by the victim, a victim advocate, the offender, members of the school community, and supporters of the victim and the offender (the "restorative practices team");
- would provide an opportunity for the offender to accept responsibility for the harm caused to those affected, and to participate in setting consequences to repair the harm, such as requiring the student to apologize; participate in community service, restoration of emotional or material losses, or counseling; pay restitution; or any combination of these.

The selected consequences and time limits for their completion will be incorporated into an agreement to be signed by all participants.

Alternative Services

An expelled or suspended student may be enrolled in the District's Alternative Education Program, Adult Education Program, UTURN or other similar programs upon the Superintendent's recommendation and Board approval. Students who are expelled for dangerous weapons, arson, criminal sexual conduct or assault upon an employee, volunteer or contractor and are enrolled in a program operated for expelled students shall be physically separated at all times during the school day from the general student population.

The District may provide appropriate instructional services at home for an expelled student who is not placed in an Alternative Education Program. The type of instructional services provided shall be similar to that provided to homebound or hospitalized students and shall be contracted for in the same manner.

Disabled students under IDEA or Section 504 shall be expelled only in accordance with Board Policy and Federal due process rights appropriate to these students.

Expulsions/Suspensions - Required By Statute

For expulsions for dangerous weapons, arson, criminal sexual conduct or assault upon an employee, volunteer or contractor, the Superintendent shall provide that the expulsion is duly noted in the student's record and that the student has been referred to the Department of Human Services or Mental Health Department within three (3) school days after the expulsion and the parents have been informed of the referral.

Furthermore, the Superintendent shall ensure that, if a student who is expelled is below the age of sixteen (16), then notification of the expulsion shall be given to the Juvenile Division of the Probate Court. In compliance with Federal law, the Superintendent shall also refer any student, regardless of age, expelled for possession of a dangerous weapon to the criminal justice or juvenile delinquency system serving the District. In addition, the Superintendent shall ensure that a copy of this policy is sent to the State Department of Education as well as a description of the circumstances surrounding the expulsion of a student for possessing a *firearm or dangerous weapon* in a weapon-free school zone together with the name of the school, the number of students expelled, and the types of firearm or weapons that were brought into the weapon-free school zone.

A student who has been expelled under this policy for dangerous weapons, arson, criminal sexual conduct or assault upon an employee, volunteer or contractor may apply for reinstatement in accordance with the following guidelines:

- If the student is in grade 6 or above at the time of the expulsion, the parents, legal guardian, the adult student, or the emancipated minor may submit a request for reinstatement after 150 school days from the date of the expulsion, but the student may not be reinstated before 180 school days from the expulsion date.
- The parent, adult student, or emancipated minor shall submit the request for reinstatement to the Superintendent.
- The Superintendent shall, within ten (10) school days after receiving the request, submit the request, together with any other information s/he deems pertinent to the requested reinstatement, to a Board appointed committee consisting of two (2) Board members, a District administrator, a teacher, and a parent of a District student.
- The committee shall, within ten (10) school days after being appointed, review all pertinent information, and submit its recommendation to the Board.

The recommendation may be for unconditional reinstatement, conditional reinstatement, or non reinstatement, based on the committee's consideration of:

- the extent to which reinstatement would create a risk of harm to students or school personnel;
- the extent to which reinstatement would create a risk of District or individual liability for the Board or District personnel;
- the age and maturity of the student;
- the student's school record before the expulsion incident;
- the student's attitude concerning the expulsion incident;
- the student's behavior since the expulsion and the prospects for remediation;
- if the request was filed by a parent, the degree of cooperation and support the parent has provided and will provide if the student is reinstated, including, but not limited to the parent's receptiveness toward possible conditions placed on the reinstatement. Such conditions may, as an example, include a written agreement by the student and/or a parent who filed the reinstatement request to:

- abide by a behavior contract which may involve the student, his/her parents, and an outside agency;
- participate in an anger management program or other counseling activities;
- cooperate in processing and discussing periodic progress reviews;
- meet other conditions deemed appropriate by the committee;
- accept the consequences for not fulfilling the agreed upon conditions.

The committee may also allow the parent, adult student, or emancipated minor to propose conditions as part of the request for reinstatement.

The Board shall make its decision no later than the next regular Board meeting following the committee's submission of its recommendations. The Board's decision shall be final and not subject to appeal.

In the event a student who has been permanently expelled from another school district requests admission to this District, the Board shall, in making its decision, follow the same procedure it has established in paragraph above for the reinstatement of a District student or rely upon the recommendation of the Superintendent.

Students expelled for reasons other than dangerous weapons, arson, criminal sexual conduct or assault upon an employee, volunteer or contractor may also petition the Board for reinstatement. The Board may, at its discretion, consider the petition in accordance with:

- the procedures set forth above.

OR

- the standards and the procedures it determines to be appropriate under the circumstances.

The Superintendent shall ensure that Board policies and District guidelines regarding a student's rights to due process are adhered to when dealing with a possible suspension or expulsion under this policy.

For purposes of this policy, "suspension" shall be either short-term (not more than ten (10) days) or long-term suspension (for more than ten (10) days but less than permanent expulsion) of a student from a regular District program.

For purposes of this policy, unless otherwise defined in Federal and/or State law, "expulsion" shall be the permanent exclusion of a student from the schools of this District. Students who are expelled permanently may petition for reinstatement only under the provisions stipulated above.

Hazing

Hazing activities of any type are inconsistent with the educational process, a violation of Michigan criminal law, and are prohibited at all times. Hazing means an intentional, knowing, or reckless act by a person acting alone or acting with others that is directed against an individual and that the person knew or should have known endangers the physical health or safety of the individual, and that is done for the purpose of pledging, being initiated into, affiliating with, participating in, holding office in, or maintaining membership in any organization. Permission, consent, or assumption of risk by an individual subjected to hazing does not lessen the prohibition.

Search and Seizure

In order to maintain order safety and security in the schools, school authorities are authorized to conduct reasonable searches of school property and equipment, as well as of students and their personal effects. "School authorities" includes school liaison police officers.

School Property and Equipment as well as Personal Effects Left There by Students.

School authorities may inspect and search school property and equipment owned or controlled by the school (such as lockers, desks, and parking lots), as well as personal effects left there by a student, without notice to or the consent of the student. Students have no reasonable expectation of privacy in these places or areas or in their personal effects left there.

The building principal may request the assistance of law enforcement officials or other agencies including Interquest to conduct inspections and searches of lockers, desks, parking lots, and other school property and equipment for illegal drugs, weapons, or other illegal or dangerous substances or materials, including searches conducted through the use of specially trained dogs.

Students

School authorities may search a student and/or the student's personal effects in the student's possession (such as, purses, wallets, knapsacks, book bags, lunch boxes, etc.) when there is a reasonable ground for suspecting that the search will produce evidence the particular student has violated or is violating either the law or the school or district's student rules and policies. The search will be conducted in a manner that is reasonably related to its objective of the search and not excessively intrusive in light of the student's age and sex, and the nature of the infraction. A handheld metal detector (wand) may be used to assist in the search of a students' person and/or personal belongings.

School officials may require a student to cooperate in an investigation if there is specific information about activity on the student's account on a social networking website that violates the school's disciplinary rules or school district policy. In the course of the

investigation, the student may be required to share the content that is reported in order for the school to make a factual determination.

Seizure of Property

If a search produces evidence that the student has violated or is violating either the law or the school or district's policies or rules, evidence may be seized and impounded by school authorities, and disciplinary action may be taken. When appropriate, evidence may be transferred to law enforcement authorities.

Video and Audio Monitoring System

A video and/or audio monitoring system may be in use on school buses and a video monitoring system may be in use in public areas of the school building. These systems have been put in place to protect students, staff, visitors and school property. If a discipline problem is captured on audiotape or videotape, these recordings may be used as the basis for imposing student discipline. If criminal actions are recorded, a copy of the tape may be provided to law enforcement personnel.

STUDENT ASSESSMENT

To measure student progress, students will be tested in accordance with State standards and District policy.

Students are required to take the PSAT/SAT/Work Keys and MStep Tests. Make-up dates are scheduled, but unnecessary absences should be avoided.

Additional group tests are given to students to monitor progress and determine educational mastery levels. These tests are used to help the staff determine instructional needs.

Classroom tests will be used to assess student progress and assign grades. These are selected or prepared by teachers to assess how well the students have achieved specific objectives.

Vocational and interest surveys may be given to identify particular areas of student interest or talent and these are often given by the Guidance staff.

If necessary, intelligence tests, speech and language evaluations, individually administered achievement tests and other special testing services are available to students needing these services.

Depending on the type of testing, specific information and/or parent consent may need to be obtained. Fruitport High School will not violate the rights of consent and privacy of a student participating in any form of evaluation.

College entrance testing information can be obtained from the Guidance office.

Computer/Chromebook Usage

The Fruitport Community School District believes that computer technology can positively affect the work and educational experiences for students and staff of the district. It is, therefore, a goal of the school district to make technology available for all to use as they need.

In order to fulfill this commitment, it is essential to the district that the computer hardware, software, data and networks be maintained in a secure environment and be used in a responsible manner.

Computer Acceptable Use Policy

Fruitport Community Schools Acceptable Use Policy and User Agreement for FCS Technology Resources Student Form The purpose of this policy is to define acceptable use of Fruitport Community Schools (FCS) Technology Resources by FCS students. Students are encouraged to use Fruitport Community School's Technology Resources and Internet connection for educational purposes. Use of such resources is a privilege, not a right. Students must conduct themselves in a responsible, efficient, ethical, and legal manner. Unauthorized or inappropriate use, including any violation of these guidelines, may result in cancellation of the privilege, disciplinary action consistent with the Student Handbook, and/or civil or criminal liability. Prior to accessing the network and/or the Internet at school, students must sign the Acceptable Use Policy and User Agreement for FCS Technology Resources. A copy of those policies and agreements can also be found on the district website.
