Dear Parents and Community Members:

We are pleased to present you with the Annual Education Report (AER), which provides key information on the 2023 - 24 educational progress for Fruitport High School. The AER addresses the complex reporting information required by federal and state laws. The school's report contains information about student assessment, accountability, and teacher quality. If you have any questions about the AER, please contact the Main Office at (231)865-3101 for assistance.

The AER is available for you to review electronically by [clicking here](#), or you may review a copy in the main office at your child's school.

For the 2024-25 school year, schools were identified based on previous years' performance using definitions and labels as required in the Every Student Succeeds Act (ESSA). A Targeted Support and Improvement (TSI) school is one that had at least one underperforming student subgroup in 2023-24. An Additional Targeted Support (ATS) school is one that had a student subgroup performing at the same level as the lowest 5% of all schools in the state in 2021-22. A Comprehensive Support and Improvement (CSI) school is one whose performance was in the lowest 5% of all schools in the state, had a graduation rate at or below 67%, or failed to exit ATS status in 2021-22. Some schools are not identified with any of these labels. In these cases, no label is given. Our school has not been given one of these labels.

According to the 2023-24 Combined School Data Report, the SAT composite score was reported as 941, with 55% meeting or exceeding benchmark expectations for Reading and Writing and 21% meeting or exceeding benchmark expectations for math. The high school is committed to focus on data work with the PSAT 9 and PSAT 10 testing scores to determine trends and gaps in preparing our students for state testing and are now fully implementing new Tier 1 materials for English, Math, and Social Studies. Staff will use the data and materials to address gaps highlighted in our trend data

State law requires that we also report additional information.

PROCESS FOR ASSIGNING PUPILS TO THE SCHOOL: Students are enrolled as students at Fruitport High School when they live within the school district boundaries. Schools of Choice openings are advertised each spring and students are accepted if they

meet the academic and attendance criteria. If eighth grade students have exceeded our middle school curriculum, they are placed in high school courses to complete their schedules. Additionally, there is a regional MOCI room in our district that students can be assigned to based on their IEP.

1. **THE STATUS OF THE 3-5 YEAR SCHOOL IMPROVEMENT PLAN:** The high school is focusing on Tier 1 instruction with intensive focus on the freshman and sophomore students. We will continue to work on universal supports at the Tier 1 level to determine students in need of more focused or Tier 2 interventions.
2. **A BRIEF DESCRIPTION OF EACH SPECIALIZED SCHOOL:** Fruitport does not house any specialized schools.
3. **IDENTIFY HOW TO ACCESS A COPY OF THE CORE CURRICULUM, A DESCRIPTION OF ITS IMPLEMENTATION, AND AN EXPLANATION OF THE VARIANCES FROM THE STATE'S MODEL:** All of the subject areas may be viewed on this site. Curriculum maps and course syllabi may be viewed on the district website on the high school building page under the curriculum tab. Fruitport High School's math and English departments work to also infuse the Common Core State Standards into curriculum.
